

3 Courses

GenAI in Business: Discover the Possibilities

GenAI in Business: Planning Framework for Implementation

GenAI in Business: Strategies for Successful Execution

Oct 21, 2026

ALLAN RONALD IBASCO DONES

has successfully completed the online Specialization

Generative AI in Business

In this Specialization, learners developed leadership approaches, strategic frameworks, and implementation skills for generative AI applications in business. The Specialization also focused on skill development in project management, process management, and impact assessment. Learners completed a number of case studies to apply their new knowledge and skills.

Andrew Wu
Associate Professor of
Technology and
Operations
Stephen M. Ross School
of Business

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
